

Theory of Transformation

What is your 'Theory of Transformation' – mine for example is around The Inner Work of Impact which is stated on my website in longer form.

You can write long form (save it if you cut) and for this exercise let's sift down by following the questions below.

4. Write a paragraph or a few about how you see the state of the world surrounding your BIG AUDACIOUS TRANSFORMATIONAL GOAL (BATG).

What do you see is the issue at hand? Can you link or identify root causes?

2. What are the main barriers to your goal, and to the deeper impact transformation you wish to contribute to?

3. Then write your ideal state once the transformational goal is actualized.

4. Then write what you believe is required to transform the problem, issue, gap or barriers to your ideal state.

Example of Theory of Transformation in 4 paragraphs:

- 'We are experiencing
- The problem is... root cause, issues, impacts
- The solution / BATG goal is and what's needed to actualize this
- My purpose is...
